SZLIFIERKA TRZPIENIOWA MINI POLERKA BEZPRZEWODOWA USB PCB QIANLI DM360-K

Cena brutto	99,00 zł
Cena netto	80,49 zł
Dostępność	Aktualnie niedostępny
Czas wysyłki	24 godziny
Numer katalogowy	XNWA0001786
Kod EAN	5903815939488

Opis produktu

NWA0001786

WYSOKOOBROTOWA MINI SZLIFIERKA-POLERKA DO PRECYZYJNYCH PRAC QIANLI DM360-K

☐ Akumulatorowa szlifierka QIANLI DM360-K

Zastosowanie:

- szlifowanie elementów elektronicznych tj laminaty, procesory
- cięcia
- polerowania
- rzeźbienie
- literowanie
- odrdzewianie

Mini szlifierka sprawdzi się doskonale podczas czyszczenia ramek, docinania i szlifowania ostrych krawędzi, szlifowanie kontrolerów dotyków z wyświetlaczy oraz wielu innych czynności serwisowych.

Abrasive paper

Cut the chip cover and
polish the chip

Deepen the recess of the
charging port screws

Universal multi-
purpose grinding head

Motherboard
chip polishing

☐ Zawartość zestawu:

- mini szlifierka Qianli DM360-K
- **7 końcówek różnych typów**

▣ Specyfikacja:

- model: QIANLI iHandy DM360-K
- zasilanie: akumulator 280mAh ładowany z portu USB-C
- antywibracyjny uchwyt: tak
- obudowa: aluminiowa
- średnica montażowa końcówek: 2,35mm
- 5 trybów prędkości (5900, 8600, 10500, 12600, 16200obr/min)
- wskaźnik przeciążenia
- wskaźnik naładowania
- wymiar 127,3x16,6x17,8mm
- waga: 72.4g
- napięcie zasilania: 5V - port USB-C

Type-C charging port

Abrasive paper

Cut the chip cover and polish the chip

Deepen the recess of the charging port screws

Universal multi-purpose grinding head

Motherboard chip polishing

Pull&push design

Auto-align once insert the head into the handle.
Make sure both parts are concentric and stick to each other firmly

Square shape with curved angles design

Curved angle design makes sure it won't roll off the desk

Square shape with curved angles

The shape of the pen keeps a great gripping experience and stops it from rolling all around

Wireless operation, no working space limit

Type-C charging, specialized power battery, easy to operate

Type-C charging port

280mah 10C (10 times, 2.8A, at the peak)
Power battery, provides a
higher working rate

Ergonomic optimization

Pen shape gripping, fit the curves of fingers

Ergonomic pen shape gripping

Better to hold and keep the holding angle

Square shape aluminum alloy shell

high hardness, corrosion preventive
Abrasive surface increases the gripping feeling

overload protection

While the device is working, if the resistance is higher than the power it delivers, it automatically stops working, the circuit protection will be triggered, in order to protect the device and also the polished object

Parameters

| ◦ Name
Precision Polishing Pen - Quick mount | ◦ Model name
iHandy·DM360-K |
| ◦ Product size
127.3*16.6*17.8mm | ◦ Package size
192*35*29mm |
| ◦ functions
Polishing, burnishing, cutting | ◦ Gross weight
72.4g |
| ◦ Rated input power
5V | ◦ Battery Parameters
10C 10 times energy battery 280mAh |
| ◦ Motor rpm at each level
Level 1: 5900 rpm; Level 2: 8600 rpm; Level 3: 10500 rpm
Level 4: 12600 rpm; Level 5: 16200 rpm | |

Demonstration

Specialized high-speed smooth bearing

QianLi standard processing controls quality to the most cost-effective one

Highly concentric, Less noise

Specialized bearing, decreases noise and shaking efficiently

Precisely polishing

More stable

Anti-misoperation + Power level memorizing

Double-click to boot the device, and the level set remains as your last set, no need to adjust each time after rebooting it

Level indicator

5 levels indicate, simple but clear

Battery level indicate

3 levels battery indicators, tell the remaining battery clearly

Display the load in real-time

It shows the loading level while polishing

Level switch button

Each press increases 1 level in total 5 levels to choose from

Double-click to power on and one-click to power off

Double press, prevent turning it on accidentally; Level set memorizing: level set remains even if it is turned off

5-level power instructions

Three blue indicators: 1, 2, 3 level
Two red indicators: 4, 5
Each press increases 1 level

6 levels of loading

Three blue indicators: 1, 2, 3 level
3 red levels mean levels 4, 5, and 6

Please be aware; once the load level is over 6, the device will turn off automatically.

iHandy Precision Polishing Pen **DM360 Series**

No matter if it's to cut, to polish, or to remove glue, iHandy meets all the requirements and comes with a big capacity built-in battery

High precision, quick mount, polishing pen

Quick mount, highly concentric and auto align, no need to adjust after switching grinding heads

Quick-mount design
The head and the handle are coaxial

Wireless
High-efficiency battery

5 levels to choose
5 memorable power level

Smooth bearing
Precisely specialized bearing

Smart indicate
Display load

Multiple grinding heads to choose
Universal 2.35 mm grinding heads
